

BARGAINING UPDATE

Proposals Exchanged

On February 6th your Bargaining Committee met with the Employer to exchange proposals.

The exchange was cordial and the talks will continue on February 14th, 15th and 16th.

The Employer's proposals consisted entirely of concessions including significant changes to overtime and sick leave provisions as well as other articles of the collective agreement.

The Union's proposals will be mailed to Local 42 members prior to February 14th when negotiations continue. Wages and job security are key areas of concern and are reflected in our proposals.

Your Bargaining Committee will not agree to the concessions and is committed to achieving a fair agreement for our members.

We will issue an update upon conclusion of our talks later in February. We ask that you continue to support the efforts of your committee during these talks.
